### Home School Athletic Information:

Team selection is solely at the discretion of the coach at the varsity level. Team selection at the Junior Varsity, Middle School and Elementary level is at the discretion of the head coach, however, at least 80% of the team must be comprised of FA Students and no full-time student can be displaced by homeschool athletes. Homeschool students must apply annually to play and meet all criteria established for homeschool students. Once a homeschool student is selected to play on a team, they will remain on that team for the season as long as they comply with school, athletic department and team policies. The Athletic office and the Administration will review any exceptions to these stipulations. Full application is due along with all sports forms (when applying to play a sport) and then upon approval homeschool fee and athletic fee **a minimum of two weeks prior** to the start of athletic practice. Students will not be able to begin athletic practice until required paperwork and fees are received. .No limit for the number of sports. Off-season conditioning is expected for all athletes.

FA has membership in the FHSAA (Florida High School Athletic Association) and competes for district, regional and state championships each year. It is the desire of our athletic department to field the best possible teams at the varsity level to help us compete and win championships.
