

FOUNDATION ACADEMY

2024-2025 International Student Service Fee - \$2,000
Students requiring an F-1 VISA pay the standard tuition and fees
as our day school students, plus the International Student
Service Fee.

The international student fee is charged for students who require an I-20 to obtain an F-1 VISA to attend school in the US. The I-20 will be processed and maintained by Foundation Academy throughout their enrollment and will transfer to the student's college or university after graduation from FA.

Through testing, if a student requires additional support of reading skills, they will be required to enroll in our Rx for Reading Program for an additional fee of \$5080.

International students are not eligible for tuition assistance or payment plans. All tuition and fees are due upon enrollment.

International students must provide proof of insurance. We can recommend options.

International students will be required to set up a FACTS payment account for any incidental billing.

Additional Documents for students requiring an I-20

- ☐ Copy of Passport Page in lieu of birth certificate
- ☐ Copy of academic documents in home language
- ☐ Copy of academic documents in english, including grading scale
- ☐ For students entering 12th grade, we will need a course by course evaluation
